Purpose of the Official Plan Review and Update

The Official Plan of the Township of Cramahe applies to all lands in the Township of Cramahe.

The Township Official Plan is a document that is approved by the Province under the *Planning Act* and which sets out goals, objectives and policies primarily to manage and direct physical change (for example, land development and lot creation), and the effects on the social, economic and natural environment of the municipality.

The Official Plan was approved by the Ministry of Municipal Affairs and Housing on March 26, 1998. The Official Plan was subject to a general update amendment that was approved by the Ministry in 2005. Section 26 of the *Planning Act* requires a Council of a municipality to review its Official Plan at least every five years to determine if revisions are required. The Township Council proposes to undertake an update to the Official Plan during 2010.

The public is welcome to attend the meeting and provide written and/or verbal comments regarding the Official Plan review. The Township Council will have regard to any submissions on this matter.
