NOTICE

WATER SUPPLY SCHEDULED INTERRUPTION

There will be an interruption to your water service on Tuesday, August 28, 2018 at 9:00 am. Lakefront Utility Services Inc. will be shutting down a section of the water supply east of Kensington Avenue in Colborne to replace a broken valve. Areas affected by the shut down include; Kensington Avenue, King Street East, Streamside Drive, Durham Street North, Parliament Street, Janes Court, Spencer Street, Scott Street and Colton Street.

Barring any unforeseen issues, Lakefront aims to have your water service restored by 4:00 pm. Water main flushing will continue after the repair has been made which could temporarily affect your water pressure.

In the event of inclement weather, the work will be rescheduled for Wednesday, August 29, 2018 at 9:00 am.

If you notice discoloured water once your service is restored, please wait for flushing to cease and then run your cold water tap until the water becomes clear.

Should you have any questions, please contact our Office at 905-372-2193.

We apologize for any inconvenience this may cause.
